Fall Arrestor HWPS 18

Art.-No.: 41-HWPS18

Dimensions & weight:

Cable length	Legth (L)	Width (B)	Depth (T)	Carabiner (L _k)	Weight
18 m	540 mm	220 mm	97mm	140 mm	6.3 kg

Properties & fields of application:

- ▶ Plastic housing: Very lightweight and breakproof.
- ▶ Turn-hook hanging which stops the rope from twisting.
- ▶ Steel rope: Has been successfully tested for horizontal use and a fall over the sharp edge simulated from this.
- ▶ Compact construction and low weight: Mobile use, with large working radius.

The IKAR fall arrestor has been tested over the edge in fall testing
